

CHEM523 Fall 2022 Reading Quiz 5

Answer the following questions on your Rocketbook pages and send me your answers by the start of class on Wednesday, September 28. Late submissions will not be accepted. Be certain to include your name on every page in the top right hand corner.

- 1) What are the 4 ways your textbook gives to regulate the activity of enzymes?
- 2) How are kinases and phosphatases related?
